Goal Overview

Goal Statement

By September 30, 2023, DOL programs will prioritize the advancement of diversity, equity, inclusion, and accessibility, to better support underserved communities through a series of measures and milestones across agencies that demonstrate concrete and sustained progress.

Problem to Be Solved

Equal opportunity is the bedrock of American democracy, and our diversity is one of our country's greatest strengths. However, for too many, the American Dream remains out of reach. Entrenched disparities in our laws and public policies, and in our public and private institutions, have often denied that equal opportunity to individuals and communities. Our country faces converging economic and health crises that have exposed and exacerbated inequalities, while a historic movement for justice has highlighted the unbearable human costs of systemic racism.

What Success Looks Like

Former Secretary Martin J. Walsh established a vision for the U.S. Department of Labor (Department or DOL) which strives to empower all workers "morning, noon and night." The Department must embed equity in a sustainable manner that recognizes the multiple and overlapping identities held by workers and with input by the communities DOL serves. Success for DOL will be achieved when equity has become a fundamental part of all agency functions, including hiring, outreach, training, mission execution, and policymaking, and each of the following DOL agencies has a critical role to play in the success of this goal.

Employee Benefits Security Administration (EBSA)

EBSA ensures the security of the retirement, health, and other workplace-related benefits of America's workers and their families through effective regulations; assisting and educating workers, plan sponsors, fiduciaries, and service providers; and enforcing the law. Success for EBSA is achieved through increasing the strength of its enforcement efforts. Particularly important in this regard are EBSA's efforts to protect the interests of individuals with mental health and substance use issues and ensure that vulnerable workers, including undocumented workers, receive promised benefits.

Employment and Training Administration (ETA)

ETA contributes to the more efficient functioning of the U.S. labor market by providing high quality job training, employment, labor market information, and income maintenance services primarily through state and local workforce development systems. To accomplish this goal and foster equity the Department must center historically marginalized and underserved workers and job seekers. Success for ETA requires leveraging and expanding public workforce system data and engaging with stakeholders to identify and address barriers to underserved populations, and identifying new program designs, promising strategies, and policies to support the equitable and effective distribution of grant funds.

Bureau of International Labor Affairs (ILAB)

ILAB safeguards dignity at work, both at home and abroad – by strengthening global standards, enforcing labor commitments among trading partners, promoting racial and gender equity, and combating international child labor, forced labor, and human trafficking. Success for ILAB is

advancing equity on all fronts, particularly in countries and regions where vulnerable and marginalized populations are most susceptible to exploitative labor conditions. By addressing exploitative labor conditions and advancing equity in key countries, ILAB will combat poverty and structural racism in underserved and marginalized communities.

Mine Safety and Health Administration (MSHA)

MSHA works to prevent deaths, illness, and injury from mining and promote safe and healthful workplaces for U.S. miners. Success for MSHA means conducting a comprehensive analysis of enforcement data to develop a plan for targeting vulnerabilities in underserved communities. MSHA will also increase the share of competitive grants awarded to Minority Serving Institutions.

Office of the Assistant Secretary for Administration and Management (OASAM)

OASAM provides the infrastructure and support that enables the U.S. Department of Labor to perform its mission. OASAM provides leadership and support for information technology, human resources management, procurement, business operations, safety and health, space management, civil rights, emergency management, security, budget, and performance. Success for OASAM means increasing outreach to underserved communities to advance equity in DOL's contracting opportunities; hire a diverse workforce that mirrors the people we serve, and promote equal opportunity in DOL.

Office of Disability Employment Policy (ODEP)

ODEP develops and influences policies and practices that increase the number and quality of employment opportunities for people with disabilities. Success for ODEP means increasing the employment and advancement of job seekers and workers with disabilities, and particularly mental health disabilities from various underserved rural, racial, and ethnic groups.

Office of Federal Contract Compliance Programs (OFCCP)

OFCCP protects workers, promotes diversity through equal employment opportunity, and enforces the legal and contractual promise of nondiscrimination and affirmative action applicable to federal contractors and subcontractors. The agency holds those who do business with the federal government responsible for complying with the legal requirement to take proactive action and not discriminate on the basis of race, color, sex, sexual orientation, gender identity, religion, national origin, disability, or status as a protected veteran. Success for OFCCP is strategically utilizing its resources to eliminate barriers to equal employment opportunity for all workers by strengthening its enforcement, promoting greater contractor compliance with equal employment opportunity obligations, and empowering workers to engage with OFCCP and report equal opportunity concerns.

Occupational Safety and Health Administration (OSHA)

OSHA assures, so far as possible, safe and healthful working conditions for the nation's workers by setting and enforcing standards and by providing training, outreach, education and assistance. Success for OSHA means leveraging targeted enforcement strategies to increase safety in high-risk industries, and raising awareness of workers' rights and protections, especially those historically staffed with vulnerable or migrant workers. OSHA also enforces many of the nation's whistleblower protections.

Office of Workers' Compensation Programs (OWCP)

OWCP protects the interests of federal employees, coal mine workers, nuclear weapons workers, and longshore and harbor workers who are injured or become ill on the job, their families and their employers by making timely, appropriate, and accurate decisions on claims,

providing prompt payment of benefits and helping injured workers return to gainful work as early as is feasible. Success for OWCP is the collection of demographic data and the completion of customer surveys that the Agency can use to drive changes that will remove barriers to filing claims and improve customer experience for underserved communities.

Veterans' Employment and Training Service (VETS)

VETS prepares America's veterans, transitioning service members, and military spouses for meaningful careers, provides them with employment resources and expertise, protects their employment rights, and promotes their employment opportunities. Success for VETS is collecting and using demographic data to target its grant programs and investigations to help vulnerable workers.

Wage and Hour Division (WHD)

WHD promotes and achieves compliance with labor standards to protect and enhance the welfare of the nation's workforce. Success for WHD is building strategic partnerships and developing a program for targeted enforcement and outreach to affect communities most vulnerable to violations of worker protection laws.

Women's Bureau (WB)

WB develops policies and standards and conducts inquiries to safeguard the interests of working women; to advocate for their equality and economic security for themselves and their families; and to promote quality work environments. Success for WB is the expansion of outreach and recruitment to historically underrepresented communities including but not limited to women of color and women with disabilities, as well as to increase the number of women from underrepresented communities in pre-apprenticeship, youth apprenticeship, Registered Apprenticeship, and/or nontraditional occupations.

Strategies to Achieve Success

Strategy 1: Worker Protection and Enforcement: Prioritizing Agency Resources to Protect Vulnerable Workers

1.1 Implement evidence-driven enforcement, outreach, training, and compliance assistance to target the country's most vulnerable workers. Enforcement agencies will target regions and industries with the lowest-wage workers by leveraging data analytics to identify and target compliance assistance and enforce where violations are taking place but not reported and have the largest impact among underserved communities.

1.2 Leverage strategic partnerships, cooperative programs and other existing relationships with entities like state and local governments and community-based worker organizations focusing on vulnerable workers, so vulnerable workers are aware of their workplace rights and how to exercise those rights.

Strategy 2: Employing Historically Underserved Workers in Quality Jobs through Workforce Development Programs

2.1 Review grant program designs to identify barriers to underserved groups in obtaining funding and implement promising strategies and program designs to improve equitable access.

2.2 Invest in initiatives to collect and leverage high-quality demographic data and stakeholder feedback to identify promising strategies and inform equity initiatives.

Strategy 3: Advancing Equity in DOL's Contracting Opportunities

3.1 In partnership with federal agencies, DOL will increase outreach to underserved communities to advance equity in DOL's contracting opportunities.

Strategy 4: Combating Poverty and Boosting Economic Mobility in the Most Disadvantaged Communities

4.1 DOL will increase its outreach, workforce development, economic security, and enforcement programs to better serve our underserved populations. Over the next two years, DOL will focus efforts on making critical changes that empower all people to attain good jobs and workers' compensation benefits regardless of race or ethnic background. The outcomes of these efforts will be pervasive across all strategies and reflected in successful outcomes across the board.

Strategy 5: Transforming DOL into a Model Workplace

5.1 Create a diverse, inclusive, equitable, and accessible DOL workforce drawn from all segments of American society.

DOL's workforce should reflect American society. Employing and retaining people from a variety of different backgrounds brings together the unique and intricate strengths and perspectives that come from lived experiences. By advancing DEIA practices, DOL will help to strengthen the Federal workforce. DEIA is not a separate or add-on activity, but rather a priority that DOL must integrate into and across all functions to build a more welcoming, fair, healthy, and supportive work environment and culture.

Goal Targets/Key Indicators

¹ Sub-strategy rows shaded in blue indicate a new Fiscal Year (FY) 2023 measure and/or milestone.

² While EBSA set targets below FY 2022 results for these measures, EBSA increased its targets from the previous year. For OEA-8b, the FY 2022 target was 50 and the target was increased to 75. For OEA-9b, the target was also 50 and increased to 70. Importantly, as part of the AMP development process, the FY 2023 targets were set before the FY 2022 actuals were recorded. As such, EBSA will continue to revisit its results to use in formulating / adjusting the targets for FY 2024.

³ The OSHA-Grants-02 performance measure was initially added in FY 2022. OSHA set its target at 75 percent after reviewing applications over the previous 2-3 years. In FY 2022, results were unusually high compared to previous years. Additionally, the Agency is proposing significant changes to their Capacity Building funding opportunity this year. Those changes are intended to solicit more applications from smaller non-profit organizations that do not have a current capacity to deliver occupational safety and health training. These organizations are less likely to be able to provide training in other languages than our typical applicant pool.

⁷ The target for this measure in FY 2022 was 7,220 staff days. The target in FY 2023 was more than doubled to 17,100 and was created before the FY 2022 results were known. EBSA will continue to refine the target for this measure for future outyears now that they have an adequate baseline to measure it against.

¹ The FY 2023 target was increased in Quarter 2 to account for planned FY 2023 job fairs.

⁸ In FY 2022, DOL focused on New Partnership Development to create an established network of institutions and organizations that work with underserved communities. For FY 2023, the target has been lowered DOL will shift its focus primarily to maintaining and strengthening the relationships it developed the previous year, lowering the number of new partnerships it will be able to establish.

Narrative – Fiscal Year 2023, Q2

Progress Update:

In Q2 of FY 2023, the Department of Labor made great progress embedding equity into its various activities including data analysis, targeted enforcement, program outreach, and establishing strategic partnerships. The following provides an overview of the progress made toward achieving the objectives set out for this APG.

EBSA

For the Q2, EBSA exceeded the National and Regional Compliance Activities metric by completing 21 mental health activities, exceeding the 10 activities that had been established as the target. The agency also conducted 73 retirement savings and health events for participants paying particular focus on reaching underserved populations, exceeding its second quarter target of 20 by 53 events. The Agency continues its efforts towards increasing the enforcement time for non-quantitative treatment by the end of this year.

As of March 31, 2023, Benefits Advisors have conducted 759 outreach events that targeted underserved communities, and the agency continues to update the self-compliance tool and has begun initial drafting. In addition to incorporating recent guidance issued under the new CAA requirements, EBSA continues to engage with stakeholders to inform the update.

ETA

ETA continued to focus on advancing equity through its grant-making. In Q2, targeted technical assistance continued, which included: February 2023 technical assistance to the National Farmworker Jobs Program (NFJP) grantees to help them understand which Participant Individual Record Layout (PIRL) data elements they could use to assess the quality of jobs in which participants are placed; and 2) January 2023 technical assistance to the Senior Community Service Employment Program (SCSEP) grantees through peer-to-peer training to help share best practices to connect seniors to quality jobs. Throughout March of 2023, ETA also hosted a national online dialogue in an effort to increase equity in grantmaking (see <https://fedcontractors.ideascale.com/c/home>).

In Q2, ETA also conducted the following activities: 1) ETA's six Regional Offices made progress working on their pilots to enhance equity among Black Workers and other underrepresented groups; 2) ETA held a series of meetings with staff from regional offices to discuss the state equity reports and gather feedback, which resulted in refinements that are being incorporated into the reports to increase their utility for regional and state personnel; 3) ETA continued efforts to improve data collection and reporting; 4) ETA completed six of the nine quarterly program reports in the Workforce Integrated Performance System, which will improve the reporting of outcomes for competitive grants; and 5) ETA continued to meet with staff and leadership to discuss and assess the feasibility of collecting job quality data and the challenges associated with collecting such data.

ILAB

During Q2, ILAB made six new awards, 67% of which had an equity lens. ILAB awarded two cost increases for projects (the ATLAS and NIRF projects) that included a specific focus on gender equity. ILAB's cumulative result as of the end of Q2 is 67%, slightly below the FY23

annual target of 68%. ILAB awards the majority of its cooperative agreements in Q1 and Q4 and anticipates meeting the annual target by the end of the fiscal year.

MSHA

In Q2, MSHA continued to make progress toward its equity goal through outreach efforts around hiring, language access improvements to safety and health training and signage, and data analysis of mines in underserved communities. MSHA plans to award its FY 2023 grants in Q4.

MSHA completed its analysis of whether miners in underserved communities face any particular vulnerabilities. MSHA used Health Resources and Services Administration (HRSA) data to determine the number of mines located in Health Professional Shortage Areas (HPSA). In summary, 13.4% of mines are located in a primary care shortage area, 7.1% of mines are positioned in a dental health shortage area, and 41% of mines are found in a mental health shortage area. MSHA will use these findings to develop an electronic tool on its website that connects Substance Abuse and Mental Health Services Administration (SAMSHA) substance use facilities, HRSA health centers, and Black Lung Clinics to aid miners in locating drug and mental health treatment facilities, health centers, and black lung clinics. The tool will provide resources for locating drug and alcohol treatment facilities by mine name, identification number, address, city, zip code, and miner residence. Additionally, the tool will allow a miner to search for treatment resources by facility type, service setting, treatment approaches, language services, other spoken languages, recovery support services, and payment options. MSHA will foster communication with the mining community to improve knowledge of accessing primary care, dental, and mental health providers within close proximity to a mine location. The Agency will actively engage with the mining community through alliance group partnerships to collaborate on the development of the tool, increase awareness of the tool, and conduct technical sessions demonstrating tool features in select HPSA.

MSHA will also work to determine if Part 50 injury and illness reporting is lower in HPSAs and evaluate if Part 50 reporting is less likely to occur in a location that is designated as an economically distressed location. It will also seek to determine if miners participating in the Part 90 program are less likely to work in mines located in a HPSA and evaluate if Part 90 miners are more likely to self-identify in a location that is not designated as an economically distressed location.

OASAM

DOL's Office of the Senior Procurement Executive (OSPE) completed four minority-owned small business outreach sessions throughout Q1 and Q2 and will continue to work towards scheduling and convening the remaining sessions in support of providing equitable and effective procurement services. DOL also held an industry day to facilitate large businesses, Historically Black Colleges and Universities (HBCUs), and small minority-owned businesses with potential partnerships, while advancing awareness for vendors who may be interested in providing goods and services to DOL and other Federal Agencies.

OASAM is making progress toward its goal of DEIA training for managers and supervisors. To date 31% have completed the courses.

ODEP

ODEP's RETAIN program coordinates among individuals and organizations about staying in or returning to work after a work disability. In Q2, ODEP worked closely with the RETAIN Technical Assistance contractor to assist grantees in reaching underserved communities and opportunity

zones. Overall, 23% of RETAIN service recipients were a person of color and 15.2% were Black workers, representing a higher proportion than the average in both categories for the RETAIN states.

Under the State Exchange on Employment and Disability (SEED) initiative, all of the intermediary partners continued to engage in discussions related to supporting equity in workforce issues in Q2, including intermediaries representing the various race, ethnic and gender policymakers, such as the National Caucus of Black Legislators (NCBL), the National Organization of Black Elected Leaders who are Women (NOBEL Women), and the National Caucus of Native American State Legislators (NCNASL). Assistant Secretary Williams met with each of these groups at least once within the past year and will be invited to upcoming meetings, listening sessions, and conferences. As a result of this engagement, the SEED intermediaries have developed or are in the process of developing a series of reports and outreach events outlining state and local government best practices in equity inclusion, as well as policy briefs and outreach materials to their constituencies on ways states and localities can promote the inclusion of people of color and various ethnicities in their disability-focused programs and policy.

OFCCP

OFCCP continued making significant progress in its Equity performance measure by increasing the number of education and outreach events focused on workers' rights and community-based organizations and engaging women, workers of color, veterans, and workers with disabilities. OFCCP conducted 167 Education and Outreach events focused on workers' rights reaching over 10,300 participants, or 142% of our target. Finally, OFCCP released our supply and service Corporate Scheduling Announcement List (CSAL) in January 2023, which included 500 compliance evaluations for federal contractors and subcontractors covering establishment reviews, Functional Affirmative Action Program (FAAP) reviews, and Corporate Management Compliance Evaluations (CMCE) reviews. OFCCP improved the methodology by targeting at-risk contractors that failed to certify in the contractor portal that they had developed Affirmative Action Programs (AAP) for their establishments. OFCCP will continue to maximize its resources while conducting compliance evaluations and outreach events.

OSHA

In Q2 of FY 2023, OSHA continued conducting inspections and compliance assistance in the warehousing industry with existing programs, evaluating exposure to industrial truck hazards and seeking abatement to remove employees from the hazards. The measure (OSHA-Hazards-12op) is exceeding its target by 38 percent at the mid-year. In Q1, OSHA focused considerable resources into a strategic and novel Amazon investigation, which resulted in issuance of six General Duty Clause (GDC) violations to Amazon for failing to provide safe and healthful workplaces and exposing workers to ergonomic hazards. The six inspections have the potential to have a significant positive impact on the target population. In FY 2023 Q2, OSHA met with the Cooperative and State Programs (CSP) Core Executive Committee to discuss OSHA's proposal to modify the OSHA Information System (OIS) Compliance Assistance module to capture more detailed information regarding the audiences reached via outreach and compliance assistance activities. In Q3, OSHA will make final modifications by the end of Q4 to ensure they can be rolled out in full for FY 2024. (OSHA Milestone 1-14). At the end of FY 2023 Q2, OSHA had established two area office alliances specifically focused on warehousing industry hazards (one signed by the Allentown, PA area office, and one signed by the three Georgia Area Offices.) The national office is continuing discussions with the Materials Handling

Institute regarding a warehousing alliance, which we hope to sign by the end of Q4. (OSHA Milestone 2-2). During 2nd quarter FY 2023 the drafted NEP for Warehousing and Distribution industries was revised to include package and parcel delivery industries. The draft NEP document focuses on industry sectors with elevated injury and illness rates. These industry sectors are also known to include vulnerable workers. This NEP is on track for implementation during third quarter FY 2023 and will assist the agency's APG OSHA-Hazards-12op. (Milestone 3-14).

OWCP

OWCP's Federal Employees' Compensation Act, Longshore, and Energy programs completed one of the two milestones supporting DOL's equity efforts as of FY23 Q2. The Energy program mailed its second customer experience (CX) survey for FY23 to claimants who received a final decision on a wage-loss or impairment claim on January 31, 2023. Data collection for this survey closed on March 31, 2023 and the Energy program received 648 responses (approximately 33% response rate). The survey included seven questions that related to the OMB Circular A-11 Section 280 CX drivers. The questions were scored from 1 (strongly disagree) to 5 (strongly agree). Two questions received an average score under 4 (agree). The question that received the highest average score, 4.34 out of 5, was related to employees (Q: The employees I interacted with were helpful). The program received the lowest average score, 3.85 out of 5, on the question related to efficiency (Q: It took a reasonable amount of time to receive a decision on my wage loss/impairment claim). Open response comment analysis aligned with the results from the driver questions. Thirty-one percent of "bright spots" identified by claimants related to a positive experience with program staff and/or Resource Centers. The most negative comment theme was related to efficiency/timeliness with 32 percent expressing dissatisfaction with how long the process took and/or not knowing where they were in the process or how much time it would take. The survey also included an optional Equity Assessment comprised of three components. The first component asked the claimant to indicate whether they had experienced challenges in their interactions with the Energy program because of their: ability or disability status; racial or ethnic identity; age; sex/gender identity; sexual orientation; veteran status; religion; social class; geographic location (remote/rural); or other. Of the 648 surveys received, 106 respondents (16%) checked one or more boxes in this section. The most commonly identified categories were ability/disability status, followed by age, and geographic location.

Additionally, the Energy program's CX staff have begun working on a topic for a third paper survey that the program will deploy in FY23 Q3. Additionally, the CX staff worked to update the existing Energy Document Portal (EDP) survey during FY23 Q2. This update allows stakeholders using the "file a new claim" or "complete benefit payment forms" options with the opportunity to complete the survey. The revised EDP survey went live on March 30, 2023.

VETS

VETS issued a revised quarterly performance report to states to improve awareness of outliers in Jobs for Veterans State Grants record counts for participant services and demographic data, completing this APG milestone ahead of schedule as of 12/16/2023. VETS expects results from this milestone will lead to more complete and accurate demographic data. VETS also completed a second milestone ahead of schedule on 3/28/2023 to develop a multi-year trend report that compares participant outcomes by relevant demographic categories. VETS will use the deliverables from these milestones to continue program improvements specifically for underserved populations. VETS has finalized the system and has begun analysis of the

National Directory of New Hire data to establish employment-based performance metrics for the Transition Assistance Program.

WB

In FY 2023 Q2, WB partnered with the White House to raise awareness of the need to center gender and racial equity in the jobs that will be created by infrastructure investments over the next decade, and conducted outreach to state legislators to share successful strategies for implementing and achieving equity goals. WB worked with the Federal Highway Administration to highlight strategies for recruiting and retaining women from underserved communities in the construction workforce, and provided technical assistance to the Department of Commerce in developing the CHIPS workforce planning guide to be inclusive of women and child care. In conjunction with the 30th anniversary of the FMLA and Equal Pay Day, WB also expanded its national and regional partnerships to address equity in wages and access to paid leave and is translating its Paid Family and Medical Leave Fact Sheet into Spanish. In Q2, WB continued to play a central coordinating role for many of DOL's cross-agency and cross-government gender equity initiatives.

WHD

WHD continues to build and strengthen strategic partnerships with organizations that work closely with underserved communities and completed its milestone of delivering an interactive Community Outreach and Planning Resource Specialists (CORPS) map to support stakeholder and public engagement on 01/04/2023. WHD has also developed a prototype equity index to identify specific geographic areas where the workforce is particularly vulnerable. In Q2 of FY 2023 WHD developed protocols and began piloting the index for outreach and media strategies as part of implementation of its strategic initiatives.

APG Measures Below or Significantly Below Target

ETA Measure (ETA-OWI-17): Increase the number of states at or above 75% of participants who are recipients of public assistance, basic skills deficient, or low-income individuals (WIOA Adult Program). **Update:** ETA set an aspirational target, and the remaining states are getting close to meeting the target. To increase the percent of participants, ETA has been working with states to ease access to services by enhancing partnerships with adult education, Vocational Rehabilitation, Temporary Assistance for Needy Families, Supplemental Nutrition Assistance Program, and other local service providers to improve referrals of priority populations. ETA is currently working on a priority of service technical assistance document that compiles some of these promising practices. The team is also working closely with the Federal Project Officers and performance teams in the regions to implement relevant technical assistance.

OASAM Measure (WCF-OSPE-05c): Meet or exceed the SBA Goal of 5% for the percent of contracts awarded to women-owned small businesses (WOSB). **Update:** OSPE did not meet the SBA Goal of 5% for the percent of contracts awarded to women-owned small businesses (WOSB). With the Department's ongoing efforts to diversify spending among the socioeconomic groups and various demographics represented within EO 13985, OSPE has seen a slight shift in dollars spent towards WOSB. However, OSPE anticipates there could be an uptick in the percentage of spend to WOSB during the third and fourth quarter.

To help improve results next quarter, OSPE continues to work with program and contracting activities to maximize spending towards the socio-economic categories, to include Women-Owned Small Business. In addition, OSPE will continue to hold outreach sessions and industry days to attract various demographic and socio-economic groups. Industry days for example,

serve as a critical communication tool, between vendors and various industries to help vendors become more familiarized with specific requirements, as well as federal contracting and procurement requirements and procedures. These outreach sessions and industry days, help build networks and relationships that support new or small vendor's ability to successfully navigate and compete for federal contracts through the contracting processes.

APG Milestones Behind Schedule

ETA Milestone (OWI-26): Reentry Employment Opportunities (REO) Growth Opportunity (GO) youth grants focus on community violence interruptions (CVI) strategies and best practices, and the agency will disseminate promising practices emerging from the grants (*originally due 06/20/2023, now moved to 09/30/2023*). **Update:** This milestone is behind schedule because the grants were issued later than anticipated. In Q2, ETA continued to make progress in completing activities related to this milestone and will complete this milestone by the revised due date of September 30, 2023.

ODEP Milestone (ODEP-SEED-2): SEED will complete a comprehensive report on state and local policy options targeting the employment and advancement of job seekers and workers with mental health disabilities from various racial, gender, and equity groups. **Update:** This milestone was delayed purely due to scheduling. The Task Force was originally going to complete their meetings in March, but they have carried over onto April. There is a working draft that members must approve it, which is expected to occur during their April 29-30 meeting.

WHD Milestone (M-01): Present data and methods on pilot of equity index to other DOL agencies. **Update:** WHD is still in the process of piloting the equity index internally with its cross-regional initiatives. The due date for this milestone was revised to 09/30/2023 to allow more time for the agency to compile and analyze data from the pilot and ensure the tool is working as intended before presenting to other DOL agencies.

WHD Milestone M-04: Deliver interactive CORPS map to support stakeholder and public engagement. **Update:** The process to complete this map required the coordination and scheduling among many of the 54 Community Outreach and Resource Planning Specialists (CORPS) in order to take a professional photo and edit for posting on the web. As a result, the delivery of the interactive CORPS map fell slightly behind schedule but was **completed on 01/04/2023**.

Next Steps

DOL is currently developing the FY2024-25 APGs.

Data Accuracy and Reliability

Agencies use a variety of systems and mechanisms to verify and validate data accuracy and reliability:

Data Sources: DOL collects data from a variety of internal and external stakeholders, using internal systems and databases. In addition, agencies populate systems that aggregate these data for reporting to DOL leadership, OMB, and external stakeholders. The Departmental E-Business Suite (DEBS) is the system that DOL uses to collect performance and budget information including measures and milestones included in the DOL Strategic Plan for reporting in various deliverables including the Annual Performance Report, the Agency Financial Report, and the Agency Priority Goals, among others.

Data Validation and Verification: DOL uses both human and automated data validation to verify data accuracy. Agency staff, both in the field and the National Office review both internal and externally provided data (such as those received from grantees and/or contractors). Where agencies have developed case management systems or databases, agency staff will review the data from these systems prior to generating the reports required for various deliverables. Many agencies have specific teams or offices dedicated to data, and agencies work closely with the Performance Management Center to review, correct, and update data, where required. For APGs specifically, agencies meet with the Deputy Secretary of Labor prior to submission, providing an extra layer of data validation and clearance.

Level of Accuracy: Different data sets require different levels of accuracy, depending on the measure. However, agencies input their data methodology and calculation methods when inputting data in their systems, including DEBS. Agencies specify numerator and denominator for their measures, whether the measure should increase or decrease, and the frequency of data collection.

Data Limitations: Agencies experience a number of limitations regarding data collection and validation. These include user error (i.e. inputting inaccurate information), data collection timelines (especially for grantees and external stakeholders, who may report data on an “off-cycle”, i.e. not aligned to quarters or even fiscal years (for multi-year funding programs, and programs on Program or Calendar Year schedules).

Strategies to Address Data Limitations: Agencies use a number of strategies to mitigate limitations to data. These include internal clearance and validation, training (virtual, and through guides and SOPs), and verification processes for data received from external stakeholders. Agencies update lagging indicator data as it becomes available, and note which measures fall into this category.

Stakeholder / Congressional Consultations

Agencies regularly consult stakeholders including DOL Leadership, Congress, and federal partners on implementing and coordinating outreach and engagement related to the activities mentioned in this APG

DOL will strengthen outreach efforts to stakeholders that serve historically underserved and marginalized communities. These stakeholders can serve as an important validator for communities who are mistrustful of government services or who face barriers to filing a complaint with WHD. They can also be instrumental in developing cases, returning wages to workers, and ensuring sustainable compliance.

APPENDIX: Milestones Completed in FY 2022

Strategy 1: Worker Protection and Enforcement: Prioritizing Agency Resources to Protect Vulnerable Workers

Sub-Strategy	Owner	Key Milestone	Milestone Due Date	Milestone Status	Comments
1.1 Evidence-based strategic enforcement and compliance assistance 1	EBSA	EBSA will develop additional culturally competent translations of written compliance assistance and outreach materials, including both improved written publications and updates to EBSA's website.	09/30/2022	Completed 09/30/2022	EBSA-OEA-13
1.1 Evidence-based strategic enforcement and compliance assistance 2	EBSA	EBSA will translate its toll-free line phone announcement messages to Chinese (Traditional and Simplified), Vietnamese, Korean, Haitian Creole, Polish, Tagalog, French, Arabic, Russian, and Portuguese	09/30/2022	Completed 06/06/2022	EBSA-OEA/OEA-20
1.1 Evidence-based strategic enforcement and compliance assistance 3	EBSA	EBSA will analyze demographic data to identify industries with higher shares of underserved communities. EBSA will consider this data when identifying new enforcement initiatives.	09/30/2022	Completed 09/30/2022	EBSA Learning Agenda
1.1 Evidence-based strategic enforcement and compliance assistance 4	ILAB	ILAB will baseline a new measure for the percent of newly awarded cooperative agreements, cost increases, and professional service contracts that incorporate an equity lens.	09/30/2022	Completed 09/30/2022	ILAB-Equity Milestone 2022-01
1.1 Evidence-based strategic enforcement and compliance assistance 5	OFCCP	Develop a proposal for the modernization of supply & service regulations to strengthen our enforcement, improve contractor compliance with affirmative action program requirements, and strengthen data collection and analysis.	09/30/2022	Completed 09/30/2022	OFCCP-03-ENF

1.2 Strategic Partnerships 14	WB	WB will invest in the Fostering Access, Rights and Equity (FARE) Grant Initiative and award grants that support partnerships between state or territory government agencies and community-based and non-profit organizations to engage in targeted education and outreach efforts to help marginalized women workers – disproportionately women of color – in women-dominated, low-paid sectors of the workforce to understand and access their workplace rights and benefits.	09/30/2022	Completed 09/29/2022	3.1-WB-GD-3
1.2 Strategic Partnerships 15	ODEP	ODEP will complete a report on policy options targeting the employment and advancement of job seekers and workers with mental health disabilities from underserved rural, racial, and ethnic groups.	09/30/2022	Complete 09/23/2022	ODEP-SEED-2

Strategy 2: Employing Historically Underserved Workers in Quality Jobs through Workforce Development Programs

Sub-Strategy	Owner	Key Milestone	Milestone Due Date	Milestone Status	Comments
2.1 Equitable Grant Making 17	ETA	Complete activities in support of equitable grant making and improved program design to mitigate barriers faced by smaller, local organizations (e.g., sharing advance notice of intent to publish FOAs, testing extended application periods for select FOAs, and seeking public input on the design of select new grant programs prior to publishing grant competitions).	09/30/2022	Completed 09/19/2022	ETA-EQUITY APG 2.1(ETA-OWI-05 to ETA-OWI-12)
2.1 Equitable Grant Making 18	WB	WB will invest in the Women in Apprenticeship and Nontraditional Occupations (WANTO) Technical Assistance Grant Program and award grants to support outreach, recruitment, and retention of women, especially women from communities historically underrepresented in grant related activities, in apprenticeships and nontraditional occupations	09/30/2022	Completed 08/24/2022	1.2-WB-WG-3
2.2 Investment in data support and analytic capability 19	ETA	Develop performance measures/milestones for FY 2023 Agency Management Plan to incentivize agency behaviors that will advance equity goals.	06/30/2022	Completed 06/27/2022	ETA-OPDR-06
2.2 Investment in data support and analytic capability 20	ETA	Provide technical assistance (TA) to the state performance and reporting grantee communities to improve demographic data collection, reporting, analysis, and application.	09/30/2022	Completed 09/26/2022	ETA-OPDR-07

Sub-Strategy	Owner	Key Milestone	Milestone Due Date	Milestone Status	Comments
2.2 Investment in data support and analytic capability 21	VETS	VETS will request a change to the VETS-1010 form to allow the collection of additional equity measures including gender, date of birth, race, and ethnicity. These measures will allow VETS the ability to ensure equitable treatment during the conduct of investigations and identify any trends involving claimants who are part of a protected class in addition to military status.	09/30/2022	Completed 09/16/2022	VETS-USERRA-FY22K
2.2 Investment in data support and analytic capability 22	VETS	Improve the integrity of Jobs for Veterans State Grants (JVSG) data submitted by grantees to support equity analysis and analyze median earnings in the 2 nd quarter after exit between all JVSG exiters and JVSG exiters who are members of marginalized populations.	09/30/2022	Completed 05/16/2022	VETS-JVSG-FY22B
2.2 Investment in data support and analytic capability 23	WB	Refine WB website and develop infographics to better share information that will help women access information to jobs, benefits and career programs such as apprenticeship.	09/30/2022	Completed 08/22/2022	1.1-WB-WG-6

Strategy 3: Expand Opportunities for Procurement within DOL

Strategy 4: Combating Poverty and Boosting Economic Mobility in the Most Disadvantaged Communities

Sub-Strategy	Owner	Key Milestone	Milestone Due Date	Milestone Status	Comments
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 26	ETA	ETA will publish Reentry Employment Opportunities (REO) Youth/Community Violence Intervention (CVI) funding opportunity announcements (FOAs) and award grants that focus on CVI strategies and best practices associated with serving populations that have higher incidence of poverty and homelessness.	6/30/2022	Completed 06/23/2022	ETA-EQUITY APG 4.1 (ETA-OWI-05 and ETA-OWI-10) Due date taken from ETA-OWI-10
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 27	ETA	In FY 2022, ETA will Identify 1-2 grants and conduct a pilot to assess the feasibility of an extended application period to support a broader grant application pool that is inclusive of smaller local and community based organizations.	03/1/2022	Completed 03/31/2022	ETA-EQUITY APG 4.1 (Adapted from ETA-EQUITY-08)
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 28	OWCP	The Federal Employees' Compensation Act (FECA) program will enhance the Employees' Compensation Operations and Management Portal to offer non-binary gender options for forms filing and to collect additional voluntary demographic information to help engagement of underserved communities including those in poverty and in particular among Black and African American and other communities of color.	09/30/2022	Completed 04/22/2022	OWCP 2.1-12 FECA Equity

Sub-Strategy	Owner	Key Milestone	Milestone Due Date	Milestone Status	Comments
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 29	OWCP	The FECA and Longshore programs will distribute customer experience surveys to gather feedback that can inform strategies for advancing equity and better engaging traditionally disenfranchised communities, including those in poverty and in particular among Black and African American and other communities of color.	09/30/2022	Completed 06/30/2022	OWCP 2.1-11 FECA & Longshore Equity
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 30	OWCP	Conduct a customer experience survey to gather feedback from Energy stakeholders that the program will utilize to inform customer engagement strategies for advancing equity and better engage traditionally disenfranchised communities	09/30/2022	Completed 09/30/2022	OWCP 2.1-8 Energy Equity
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 31	VETS	Establish potential employment-based performance metrics for Transition Assistance Program using ongoing National Directory of New Hires data.	09/30/2022	Behind Schedule 09/30/2023	VETS-TAP-FY22D
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 32	VETS	Revise FY 2023 Funding Opportunity Announcement and identify areas with the highest rates of veteran homelessness, including communities most affected by poverty, and analyze historical data to target communities that may not know of HVRP services.	03/30/2022	Completed 03/31/2022	VETS-HVRP-FY22A

Sub-Strategy	Owner	Key Milestone	Milestone Due Date	Milestone Status	Comments
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 33	ODEP	ODEP will use quarterly administrative RETAIN program data, which includes extensive demographics and other data (such as zip code), to help identify and measure service penetration into underserved communities and opportunity zones.	09/30/2022	Completed 07/12/2022	ODEP-RETAIN-3
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 34	OASAM	OASAM's Civil Rights Center (CRC) will develop a strategy to analyze the use of algorithms (and other aspects of automated systems) by recipients, and their impact on discriminatory practices prohibited by the nondiscrimination and equal opportunity statutes and regulations.	09/30/2022	Completed 09/14/2022	OASAM-DM-CRC-09-M
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 35	OASAM	OASAM's CRC will update in partnership with ODEP the <i>Promising Practices in Achieving Nondiscrimination and Equal Opportunity: A Section 188 Disability Reference Guide</i> in consideration of specific equity and intersectionality principles	09/30/2022	Completed 09/30/2022	OASAM-DM-CRC-12-M
4.1 Bolster workforce development , economic security, and enforcement programs to combat poverty 36	OASAM	CRC will coordinate with ETA to explore the utility of revising and reissuing Training and Employment Guidance Letters on criminal record restrictions, credit history and unemployment status and possible disparate impact based on race, national origin, sex, and disability.	09/30/2022	Completed 09/30/2022	OASAM-DM-CRC-13-M

Strategy 5: Transforming DOL into a Model Workplace
